### **Splash Infant Toddler Group Lessons** (6mos-3yrs)

'Splash' classes allow children, accompanied by a parent or caregiver, to discover the water through song, play, and specific skills. The lessons help children develop aquatic readiness skills in a safe environment. Splash classes are offered on Saturdays.

### **Preschool Group Lessons** (3-5yrs)

In 'Preschool' classes children learn in small groups (4:1) under the supervision of a trained instructor who encourages swimmers to be safe, try new things and swim with confidence. It often takes two sessions for a student to complete a level.

### **Learn to Swim Youth Group Lessons** (6-14yrs)

Children acquire basic skills in 'Learn to Swim' small group lessons. Instructors encourage participants to enjoy the water, gain confidence, and swim safely. It often takes two sessions for a student to complete a level.

### **Stroke Development** (8-14yrs)

Swimmers who have moved beyond basic skills and are ready to practice strokes and are prepared to swim multiple laps unassisted are ready for Stroke Development. Group sessions are conducted similar to a swim team workout.

### **Private Lessons** (All ages)

Some children respond better to private lessons. We've found that great progress can be made by scheduling one or two 30-minute lessons per week. Lesson packages can be purchased at all EDGE locations.
