Learn the basics using a progressive approach throughout the workout. This class is appropriate for all fitness levels and for boxing beginners as well as those with boxing and or heavy bag experience. Class is 45 minutes.

EDGEBeatBox: This 55 min class uses the music to drive the workout and the combinations. Choreographed to the music during this training session you can expect an onslaught of punch combinations mixed with cardio and/or strength intervals. Class finishes with core work and a cool down.

EDGEPowerBox: During this 55 minute class it is you vs. the bag. Intense boxing combinations with dynamic movements for a focus on developing reflexes, timing, agility, power and speed.

Why box?

Boxing is a perfect combination of strength training and cardio. You will also work on your balance, coordination, reflexes, and agility. Boxing is a full body workout – you will work your hips, legs, shoulders, back, core, and more! Muscular endurance, lower resting heart rate, decreased stress, and improved body composition, are also benefits of boxing workouts.

It looks hard...do I need to be fit already? Do I need boxing experience?

Our bag classes are designed for all fitness levels and for the boxing novice as well as someone with experience. It will be challenging but you can choose to take the options given to increase or decrease the intensity of your training session to challenge you where you are in your fitness journey.

What do I need?

Gloves are provided. You will need to purchase hand wraps (180" is recommended– you can purchase these at the front desk.)

Bring water and a sweat towel (you will sweat!).
