**BODYPUMP™** is the original barbell class that strengthens your entire body. This 60-minute workout challenges all your major muscle groups by using the best weight-room exercises like squats, presses, lifts and curls. Great music, awesome instructors and your choice of weight inspire you to get the results you came for – and fast!

**BODYPUMP™ ORIENTATION-** This class will cover what to expect and the format of class, set up of the bench and picking your weights, how to use the smart bars, and basic technique of common moves for any Bodypump class. There will be a short demo (2-3 tracks) and class will highlight new moves in the upcoming new release. If you are new to Bodypump or just looking for some advice on technique, this is the perfect class for you.

## **Floor Aerobics**

**BODYATTACK™** is the sports-inspired cardio workout for building strength and stamina. This high-energy interval training class combines athletic aerobic movements with strength and stabilization exercises. Dynamic instructors and powerful music motivate everyone towards their fitness goals - from the weekend athlete to the hard-core competitor!
