Class Descriptions:

a low impact aqua exercise experience that offers older adults and deconditioned participants a fun workout improving cardiovascular endurance, agility, balance, strength and flexibility. Class is 45 minutes.

Cardio Surge – A fast-paced aquatic workout with interval training, plyometrics and power moves. Use the resistance of the water to improve cardiovascular fitness, endurance, strength and flexibility. Be prepared to sweat, even in the water.

Aqua Fit – Get an awesome workout without all of the jumping. Impact lowered exercises in the pool provide a fun yet challenging workout for all levels.

Arthritis– Designed for many types of rheumatic diseases and joint conditions. Gentle movements in the water that target range of motion, core strength, flexibility and balance. Arthritis Plus includes some low impact movements for advanced participants. Swim skills not needed. Club and pool are handicap accessible.

Cardio Splash – Feel the surge of power in the water. This class combines low intensity cardiovascular exercises with body sculpting equipment. Pool noodles and dumbbells are utilized to target all muscle groups.

Arthritis – Designed for many types of rheumatic diseases and joint conditions. Gentle movements in the water that target range of motion, core strength, flexibility and balance. Class may include some low impact movements for advanced participants. Swim skills not needed.

Water Walking – This is a fun, social, and therapeutic class. Walking in various ways, with different strides and using your arms will help you get in shape and relieve stress. Swim skills not needed.

Participants must shower before entering the pool.

Water shoes are strongly recommended for all classes to prevent slipping and provide needed support.

Please bring your own towel.

Club and pool are handicap accessible.
