 or by calling the club.

# About our EAAP Classes

---

**Golden Rims** Pick-up basketball for those 55+.

## **Senior Strength**

This class will combine cardio, free-weights, balance and core work as well as stretching, for integrated, functional fitness. *Options and modifications for all levels.*

## **Zumba Gold**

Enjoy the same great music and energy of a Zumba class and recreate the original moves you love at a lower-intensity. Minimize stressful jerking and twisting with easy-to-follow choreography that focuses on balance, range of motion and coordination.

## **Gentle Yoga**

Focus on breathing, muscle tone, balance, flexibility and relaxation in this inspiring class. An opportunity to create unity, oneness and connection, allowing us to explore ways to become aligned, balanced and centered.

## **Functional Fitness**

This class combines low impact cardio, strength and core, with a focus on mobility, flexibility, range of motion and balance. A variety of equipment may be used.

## **Thai Chi**

Benefits of this slow, flowing, low-impact exercise include increased strength, flexibility, coordination and balance as well as positive effects on blood pressure and bone density.

## **Aqua Fit**

A moderate to high intensity athletic aquatic workout incorporating calorie-burning cardio and strength conditioning. Helps improve balance, stability, strength, flexibility and cardio-respiratory endurance outside of the pool.

## **Arthritis**

A community-based, group program that uses a variety of water-based exercises to increase physical activity among adults with arthritis. This class will include range of motion, strengthening and endurance exercises to reduce fatigue, pain and stiffness and improve day to day function.

## **Aqua Walking Workout**

Water walking requires more effort and ultimately burns more calories than walking on land, while decreasing the impact on the joints. The heated pool can soothe pain and you will improve cardiovascular fitness, balance, and range of motion.

## **Cardio Surge**

Get an awesome workout without all of the jumping. Make the most of low impact exercises in the pool. This class provides a fun yet challenging workout for all levels. Equipment such as noodles and aqua dumbbells may be used.
